**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I'm lucky -- I can choose from several local providers, each of which are less expensive than AT&T and Comcast, and the one I've chosen, Sonic.net, also has a track record of protecting my privacy. Please don't make it more difficult for them to compete. I don't want cable television or wireless service or any of the other bundles the big guys try to force on customers. I don't want to be supersized. I just want good internet service, hopefully soon with symmetric 1 Gigabit per second fiber directly from Sonic.
